Christine,

I do not know what Oregon received in 1998, but at the national level, 319 was funded at \$105 million. Here is the funding history for 319(h):

<http://water.epa.gov/polwaste/nps/319hhistory.cfm>

(I need to update this chart with the FY14 level.)

Ex. 5 - Attorney Client

Do you know what the \$\$ amount was in 1998?

Thanks.

NOAA's penalties do not compound. Great news on the EPA side (I guess great news is all relative).

Agreed. **Ex. 5 - Attorney Client**

Ex. 5 - Attorney Client

Joelle – I am hoping NOAA has this same interpretation. Please advise.

First there are two new unit managers on board:

- Anita Yap, has taken over for Judy Johndohl (State Revolving Fund etc.)
- Erich Brandstetter, is acting NPDES unit manager, formally Dennis Ades

ODEQ has a question regarding the possible settlement with NWEA. 'Is the 'possible' 30% reduction to the 319 program funds compounded yearly?' This is a very timely question as they are developing their budget plan for the out years. Adam Coutu and Gene Forester are awaiting an answer. I told them I was not aware of an EPA announcement regarding the 5/15/14 deadline?

Finally, ODEQ is starting to sync with the EPA 'Chromer' data base. The system will provide QA/QC on NPDES data entry.
